---

The journal is meant for analysts and researchers as well as workers in the public and municipal administration, for academic purposes and for a wider readership interested in current becoming and developing the system of public and municipal administration in the Russian Federation and abroad.

The editorial policy is to provide a very clear emphasis on the specific subject along with a focus on the interconnection of the properly public administration problems with the relative economic, legal, political science and managerial problems, including the interaction of the state and civil society.

The following key issues are addressed:

- The theory and practices of the public administration;
- Legal aspects of the state and municipal administration;
- The analyses of experts;
- Discussions;
- Case Studies;
- The training and the improvement of specialists in public administration.

The thematic focus of the journal makes it a unique Russian language edition in this field.

“Public Administration Issues” is published quarterly and distributed in the Russian Federation and abroad.
